WELCOME TO PORGIE PUKAS'S REMAKE OF "WIZARD OF OZ" AND "RED RIVER". IT STARS ME, BEEPIO, AND A CAST OF CHARACTERS STRAIGHT OUT OF THEIR LITTLE PADDED CELLS — IN THE ASYLUM FOR THE CRIMINALLY INSANE! RIGHT NOW WE ARE BEING BLOWN OUT OF SPACE BY BARF RADAR — WHO IS NOT SOMEONE YOU WOULD WANT TO MEET IN A DARK ALLEY — OR ANYWHERE ELSE! HOO-BOY! THE YELLOW-BRICK ROAD THIS IS NOT!

GOTTA GET THESE PLANS TO SAFETY. THE WHOLE UNBELIEVABLE PLOTLINE DEPENDS ON IT!

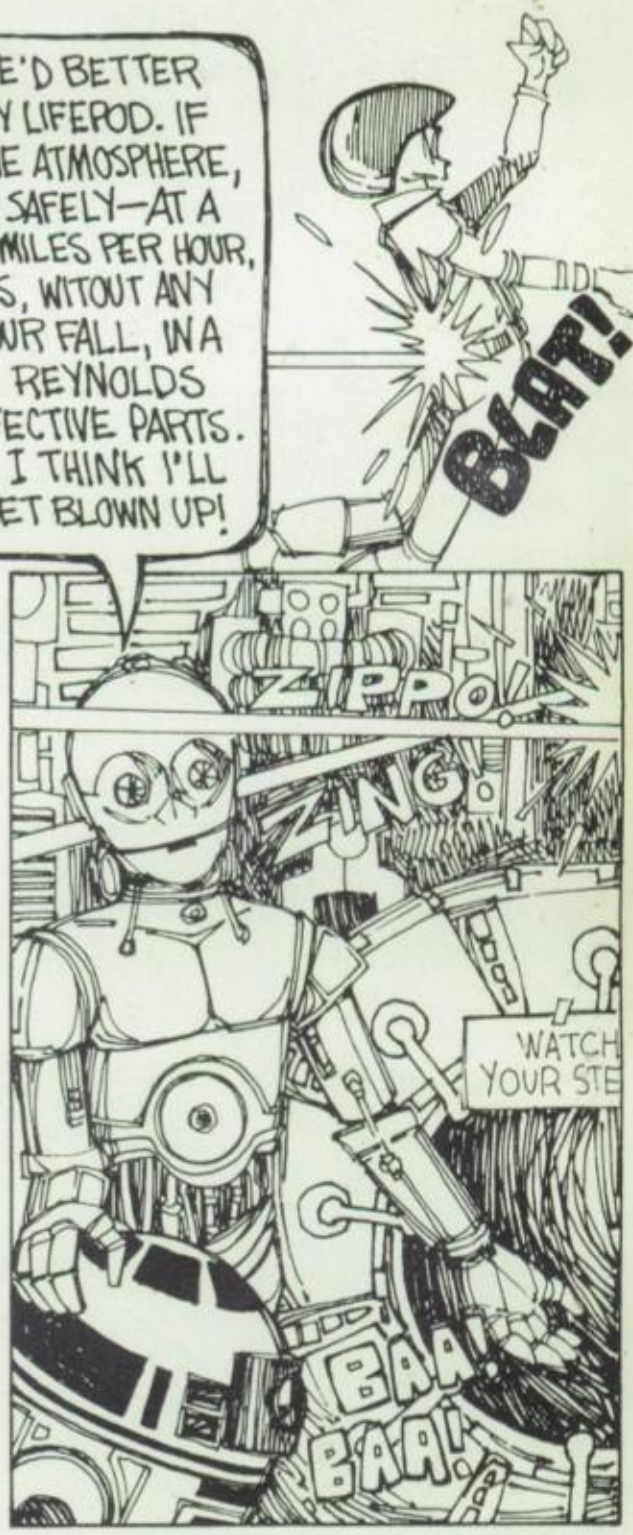
AUNT EM TOLD ME THERE'D BE DAYS LIKE THIS!

ZAP!

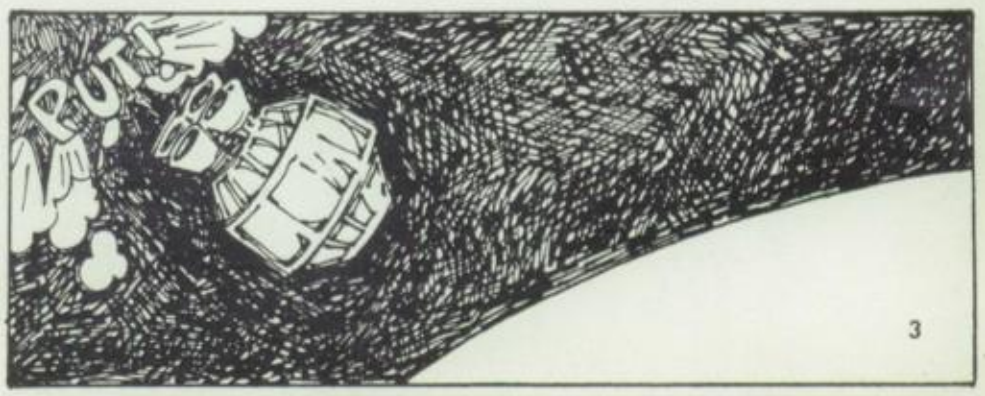
COME ON, ME TOO — WE'D BETTER ESCAPE IN THIS HANDY LIFEPOD. IF WE DON'T BURN UP IN THE ATMOSPHERE, WE'LL AT LEAST LAND SAFELY — AT A SPEED OF ABOUT 200 MILES PER HOUR, WITHOUT PARACHUTES, WITOUT ANY WATER TO CUSHION OUR FALL, IN A TIN CAN RECALLED BY REYNOLDS ALUMINUM FOR DEFECTIVE PARTS. ON SECOND THOUGHT, I THINK I'LL STAY UP HERE AND GET BLOWN UP!

BEEP! BOOP!

BY LINDA TARCZYNSKI



TOO LATE!



LORD RADAR—!

SHUT-UP! CAN'T YOU SEE I'M BUSY BREAKING THIS POOR SLOB'S NECK?

BUT, SIR, THIS IS A FAMILY MOVIE. EXCESSIVE VIOLENCE IS NOT ALLOWED. BESIDES, THEY'RE GETTING AWAY WITH THE PLANS.

KICK ME

DARN IT! I NEVER GET TO HAVE ANY REAL FUN. ALL WE'RE ALLOWED TO DO IS BLOW UP PLANETS AND BLAST EVERY-BODY IN SIGHT!

IT'S NOT FAIR!

BELOW, ON THE PLANET TATTOOED..

HI! I'M **MUCK MUDSLOPPER**, THE YOUNG, IDEALISTIC, DUMB KANSAS FARMBOY WHO IS THE HERO OF THIS MOVIE. UNTIL BEEPIO AND ME TOO DROPPED INTO MY LIFE, I STAYED ON THE FARM WITH AUNT EM AND UNCLE HENRY, PLOWING THE DESERT AND RAISING CROPS OF SAND. I NEVER HAD ANY TROUBLE.

ARE WE ANY TROUBLE TO YOU, MASTER MUCK?

YES! YOU'VE GOT ALL THE BEST LINES IN THE SHOW! I'M BEING UPSTAGED BY A BIONIC-BRAINED TIN-MAN AND A BEEPING GARBAGE COMPACTER!

BO-PEEP

WE'VE GOT TO FIND **OH, BE FUN, KOWALSKI**, A CRAZY OLD HERMIT WHO IS REALLY A JERKY KNIGHT AND A BELIEVER IN THE **FARCE**. HE IS THE ONLY ONE WHO CAN GET THE PLANS TO FOL-DE-ROL AND SAVE THE GALAXY FROM THE DEATH WART. AND IF YOU BELIEVE THAT...

BE-BOP

MAY THE FARCE BE WITH YOU.

OH, BE FUN, KOWALSKI!

YOU TRY BEING FUN AFTER LIVING ALONE IN THE DESERT FOR 20 YEARS! ONLY THING TO DO ON A SATURDAY NIGHT IS TO CRAWL UNDER A ROCK!

BUT NOW THAT YOU'RE HERE WE CAN GO TO FOL-DE-ROL AND SAVE THE GALAXY FROM DEATH WART.

Laura.

Homecoming 77

Homecoming 77, Color My World. This years Homecoming was one to be remembered. The Homecoming game was played against Cabrillo High School. The stands were filled and spirit was high.

Homecoming candidates were Sarah Cicchini, Janet Wells, Debbie Estrada, Diane Stranis, and Jeanine Huckins. During halftime the five Queen candidates anxiously awaited for the name of the Queen to be announced. For the first time all night the crowd fell silent. Finally when Diane Stranis' name was last to be announced everyone cheered; many cried tears of joy and some with disappointment. The dance proved to be the best one ever. For the first year the Alumni Cheerleaders were invited to our Homecoming game. They helped to keep the stands cheering and were a great help to our Cheerleaders. We thank them for their help.

Spirit Week '77

Spirit Week — The Big Game. Nothing can equal the excitement that comes from those words.

Spirit Week is put on by Pep Club, where the object is to get everyone involved. They do this by Class Competition, Special Assemblies and Special Engagements at the game. Once again everyone wonders — Will we do it this year? Can we beat Santa Maria?

Well, that doesn't really matter because we, Righetti High, are united in a bond so close that no one can lose. Santa Maria may win the game, but we have won the pride only Righetti can have.

Santa Barbara County fire engines came screaming on campus. Out jumped the firemen, and out came the hoses. Sammy Saint that hung, was cheerfully washed down. Our faithful secretaries got into the act by stuffing Sammy into a coffin and Coroner Nunez drove him to the grave.

Bobby Sockers Get Down Again!

Once every year Righetti High School goes back in time to the rock-n-roll days of the Fifties. This year, March 5th, was the day our bobby-sockers got down and chose Joan Murtha as Betty Lou and Corky Dahle as teen angel. The Freshmen made pigs of themselves by drinking their way to victory in the milkshake contest, while the Sounds of Liberty helped set the scene with songs from the Fifties.

Rhythmettes Are 'Rockin' Now!

Now that the Rhythmettes are in their second active year, you can't call them inexperienced anymore, because now they are even better than before. They have put in long hard hours of work, and you can tell when you see them perform. They are always in step and in the move. Being advised by Mrs. Savoy they have come to be one of the most exciting groups around. All that we can do now is wait until next year to see the new edition of the SO-UL cool Rhythmettes.

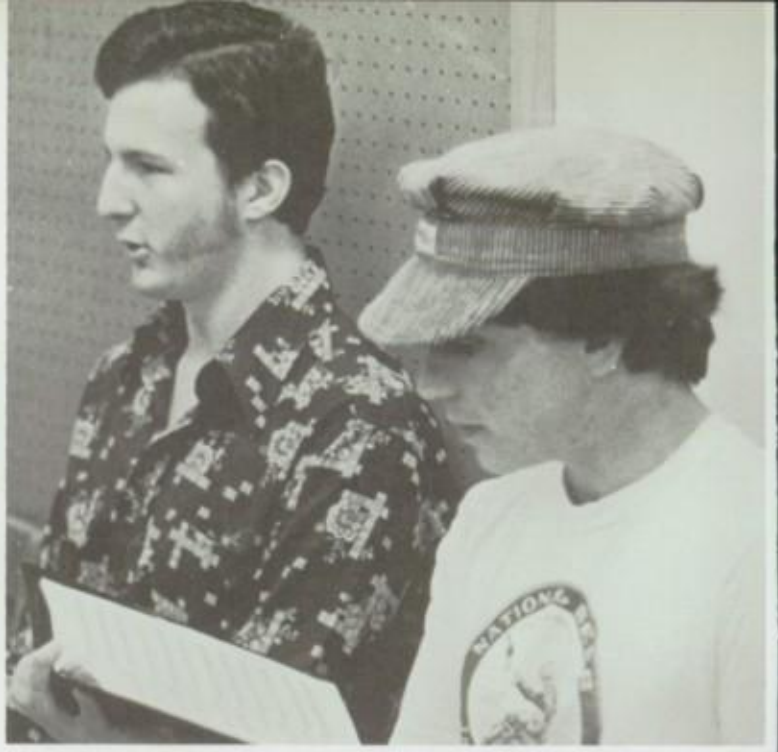
Chorale



Here at Righetti we have four outstanding music companies. They consist of: Mixed Chorus, Girls Glee, Chorale, and the Sounds of Liberty. The Sounds of Liberty is a group that has brought Righetti recognition in the music field. They have performed all over Santa Maria, and have earned the praise of many people. All of these four are directed by our vocal music director Mr. Douglas Brenchley.

VICA Bar-B-Cues

The Vocational Industrial Clubs of America is a nation-wide club for students enrolled in vocational and industrial education classes. This organization was developed in 1965 to give the students in the vocational areas a common ground in leadership and job skill training.

Students work towards community service awards and technical competency in their trade areas. Skill Olympics trials are held on the regional, state, and international levels. Welding students built a portable Bar-B-Q that was raffled off to earn money to send students to competitions. They also made Christmas gifts for the Heritage Rest Home.

Under the leadership of their advisor, Mr. Dunn, the students accomplish a lot for the school and place very high in competition.

Ridge Runners

The Ridge Runners are those people at Righetti who enjoy the sport of backpacking.
Under the leadership of Mr. Chapel, they have explored the primitive area of Big Sur. This is the first year the Ridge Runners have existed and they are doing a swell job of learning about nature and its blessings.

Legend

The Legend is the school newspaper that brings the school and world events to the fingers of the students for free. Not only does the staff publish a fine paper but by doing this they have won a second place award at a Quill and Scroll contest. This makes our Legend the second best school published newspaper in California.

Campus Christian Fellowship meets each Wednesday at lunch to discuss topics such as creation, death, fellowship, the end of time, and Christian living. Meetings include Bible study and sharing of ideas and questions. A highlight of the year was the picnic in Waller Park with the Santa Maria CCF. Kazoo Band

Kazoomania, which is sweeping the country, is being aided by the award winning world famous Righetti Kazoo Band.

Once again they were in the spotlight of Righetti club activities. In October, four members of the band went to the World Series at Dodger Stadium, where they created the usual Kazoo Band chaos. A first place trophy for the best marching group went to co-leaders John Stimson and Jim Vest, at the Orcutt Christmas Parade. It was their second trophy in two years. The Righetti Kazoo Band took over a local pizza parlor for a night, last December, where they made the pizzas and supplied the entertainment. The Righetti Kazoo Band is sustaining Kazoomania through their music, movies, and their newspaper "The Kazoo Post."

Check Mate

The Chess Club meets everyday to engage in top notch Chess Competition. It gives students with a high intellect a chance to compete and stimulate their brains. This year was the third season for the Righetti Chess Team, but it marked the first time that the team had competed in the California Central Coast High School Chess League. This league consists of Righetti, St. Joseph, Arroyo Grande, San Luis Obispo, Lompoc, Morro Bay, Santa Ynez and Dunn High School. The varsity team consists of Greg Pachner, David Kurtze, Charles Von Hammerstein and John Bird, checkmated their way to an 18 win, 7 loss, 3 tie record, winning 70' of their games. As a team we finished 3rd with a 5-1-1 record behind Lompoc 6-0-1 and San Luis Obispo 6-1-0. However, it was actually closer than that. Twice in the season, if we had won just one game, we would have been league champions. Righetti was the only team that came close to beating the five team league champs, Lompoc, but we had to settle for a hard fought tie. All of the individuals on the team had a winning season and came close to winning their individual board title. David Kurtze did receive a Board I first place plaque for his undefeated effort. The future looks bright for the Chess Team.

"Double Dinging" At ERHS

On Friday, November 18, Mrs. Dawson's Senior Seminar class held its first double mock wedding. The reason for this wedding was to try to demonstrate and experience what it would be like to participate in a real wedding.

Those participating as brides and grooms were Liz Diederichs and David Spence; and Donna Meek and Aaron Day. Donna Kesner and Sherry Gammel acted as co-ministers.

Cydney Dawson organized the wedding, while the ROP Food Service catered the reception with many delicious canapes. The ornamental horticulture class created all of the beautiful bouquets, corsages and floral arrangements. The three-tiered wedding cake was decorated by Susan Whitefield. Photography classes provided photographers.

Speaking of the Freshman Cheerleaders you got to give them a hand. Because they are the ones that got the spirit of the freshmen just as loud as all the rest. It took a lot of trying patience but they prepared the freshmen of today to become the spirited Sophomores, Jumping Juniors and Swinging Seniors of tomorrow. #3 cheers for the freshman cheerleaders cause they've come a long way baby.

Righetti's Spirit Department

This year's Drill Team has put a lot of time and spirit into this year's activities. On August 7 the Drill Team left for California State Long Beach University, to attend their annual Drill Team camp. They were taught 6 different routines. As a result of competition, the Drill Team won a third-place free evaluation trophy, the spirit stick, and many members placed first and second for individual ribbons. The students at ERHS should be proud of the skill and effort put together to make this year's Drill Team.

The Righetti High School Band started off the year by marching in the Guadalupe Mexican Independence parade. The band performed in many half-time shows, including one for the Hancock football team. They were also present at a cross country meet against Arroyo Grande. The Pep Band had many outstanding performances, including the one for the girl's volleyball team. During the Spring semester they participated in several festivals and held many concerts. Plans are also being made for a concert tour to Mexico in the Spring of 1979.

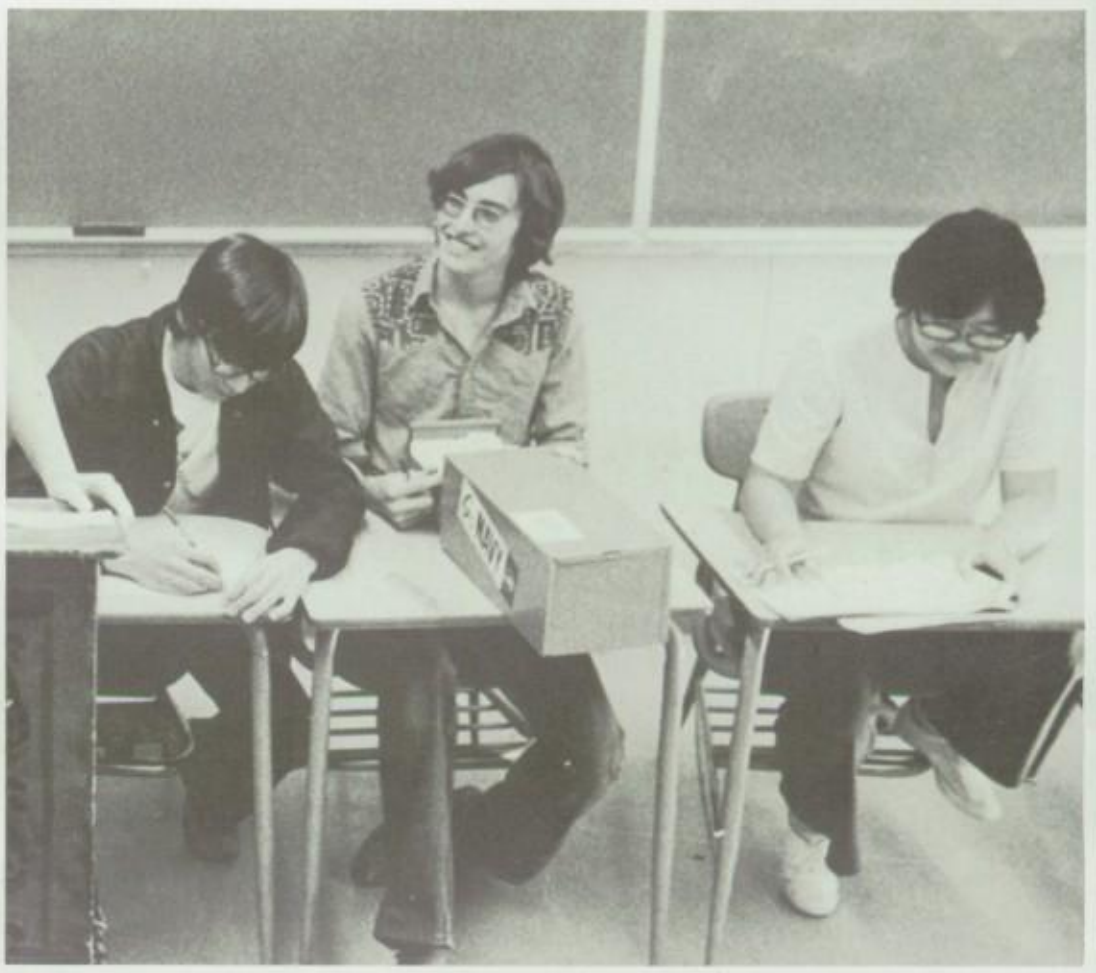
The Big Mouths

Righetti's successful speech squad traveled throughout the state this year and brought back many honors for the school. In debate, Steve Dalzell and Kate Barnard had a winning record and were undefeated at the Arroyo Grande Practice Tournament. The novice team of Gwyn Kaneko and Chris Barr also had a good record and won a superior award at the Ventura Novice Tournament.

In the individual speech events the Warrior speakers won many awards, but the highlight of the year was the King City Invitational. Five students attended and five brought home trophies. All the practice and long trips seem worth it, at least at that tournament.



The speakers started a Righetti tradition this year with Speech Squad t-shirts which they wore on Tuesday meeting days and to and from the tournaments. Led by President Steve Daizell, the speech squad really looked neat in their purple and gold.

President Steve Daizell was also National Forensic League point leader, reaching the 500 point kevek of special distinction, the highest level in NFL. Serving as secretary of NFL was Charlyn Andress, and vice-president was Kate Barnard.

Of the freshmen and sophomores trying out for the team for the first time, Shelly Maramonte and Gwyn Kaneko showed the most promise for future years at Righetti. Next year should be even better for the squad as only two Seniors, Chris Barr and Charlyn Andress, will be lost to graduation.

NO, IT'S...

...DEATH WART—THE SPACE STATION WITH THE POWER TO FLUSH AN ENTIRE PLANET!!

I WANT EVERY INCH OF THIS SHIP SEARCHED. IF YOU FIND ANYONE —

—KILL THEM!

FRIENDLY LITTLE BOOGER, ISN'T HE?

MAYBE HE'S GOT HEMORRHOIDS.

WHAT'S THAT GURGLING SOUND?

HANG ON! WE'RE BEING FLUSHED INSIDE!

QUICK! GET THE DRANO! GET THE TIDY-BOWL!

NO USE! IT'S GOT US!

OH MY GOODNESS! OH MY SOUL! HERE WE GO — DOWN THE HOLE...

♪...WITHOUT A TOWEL!♪

WE'LL HAVE TO SPLIT UP— I'LL FIND A WAY TO DE-FLUSH THE SHIP WHILE YOU BOYS RESCUE THE PRINCESS.

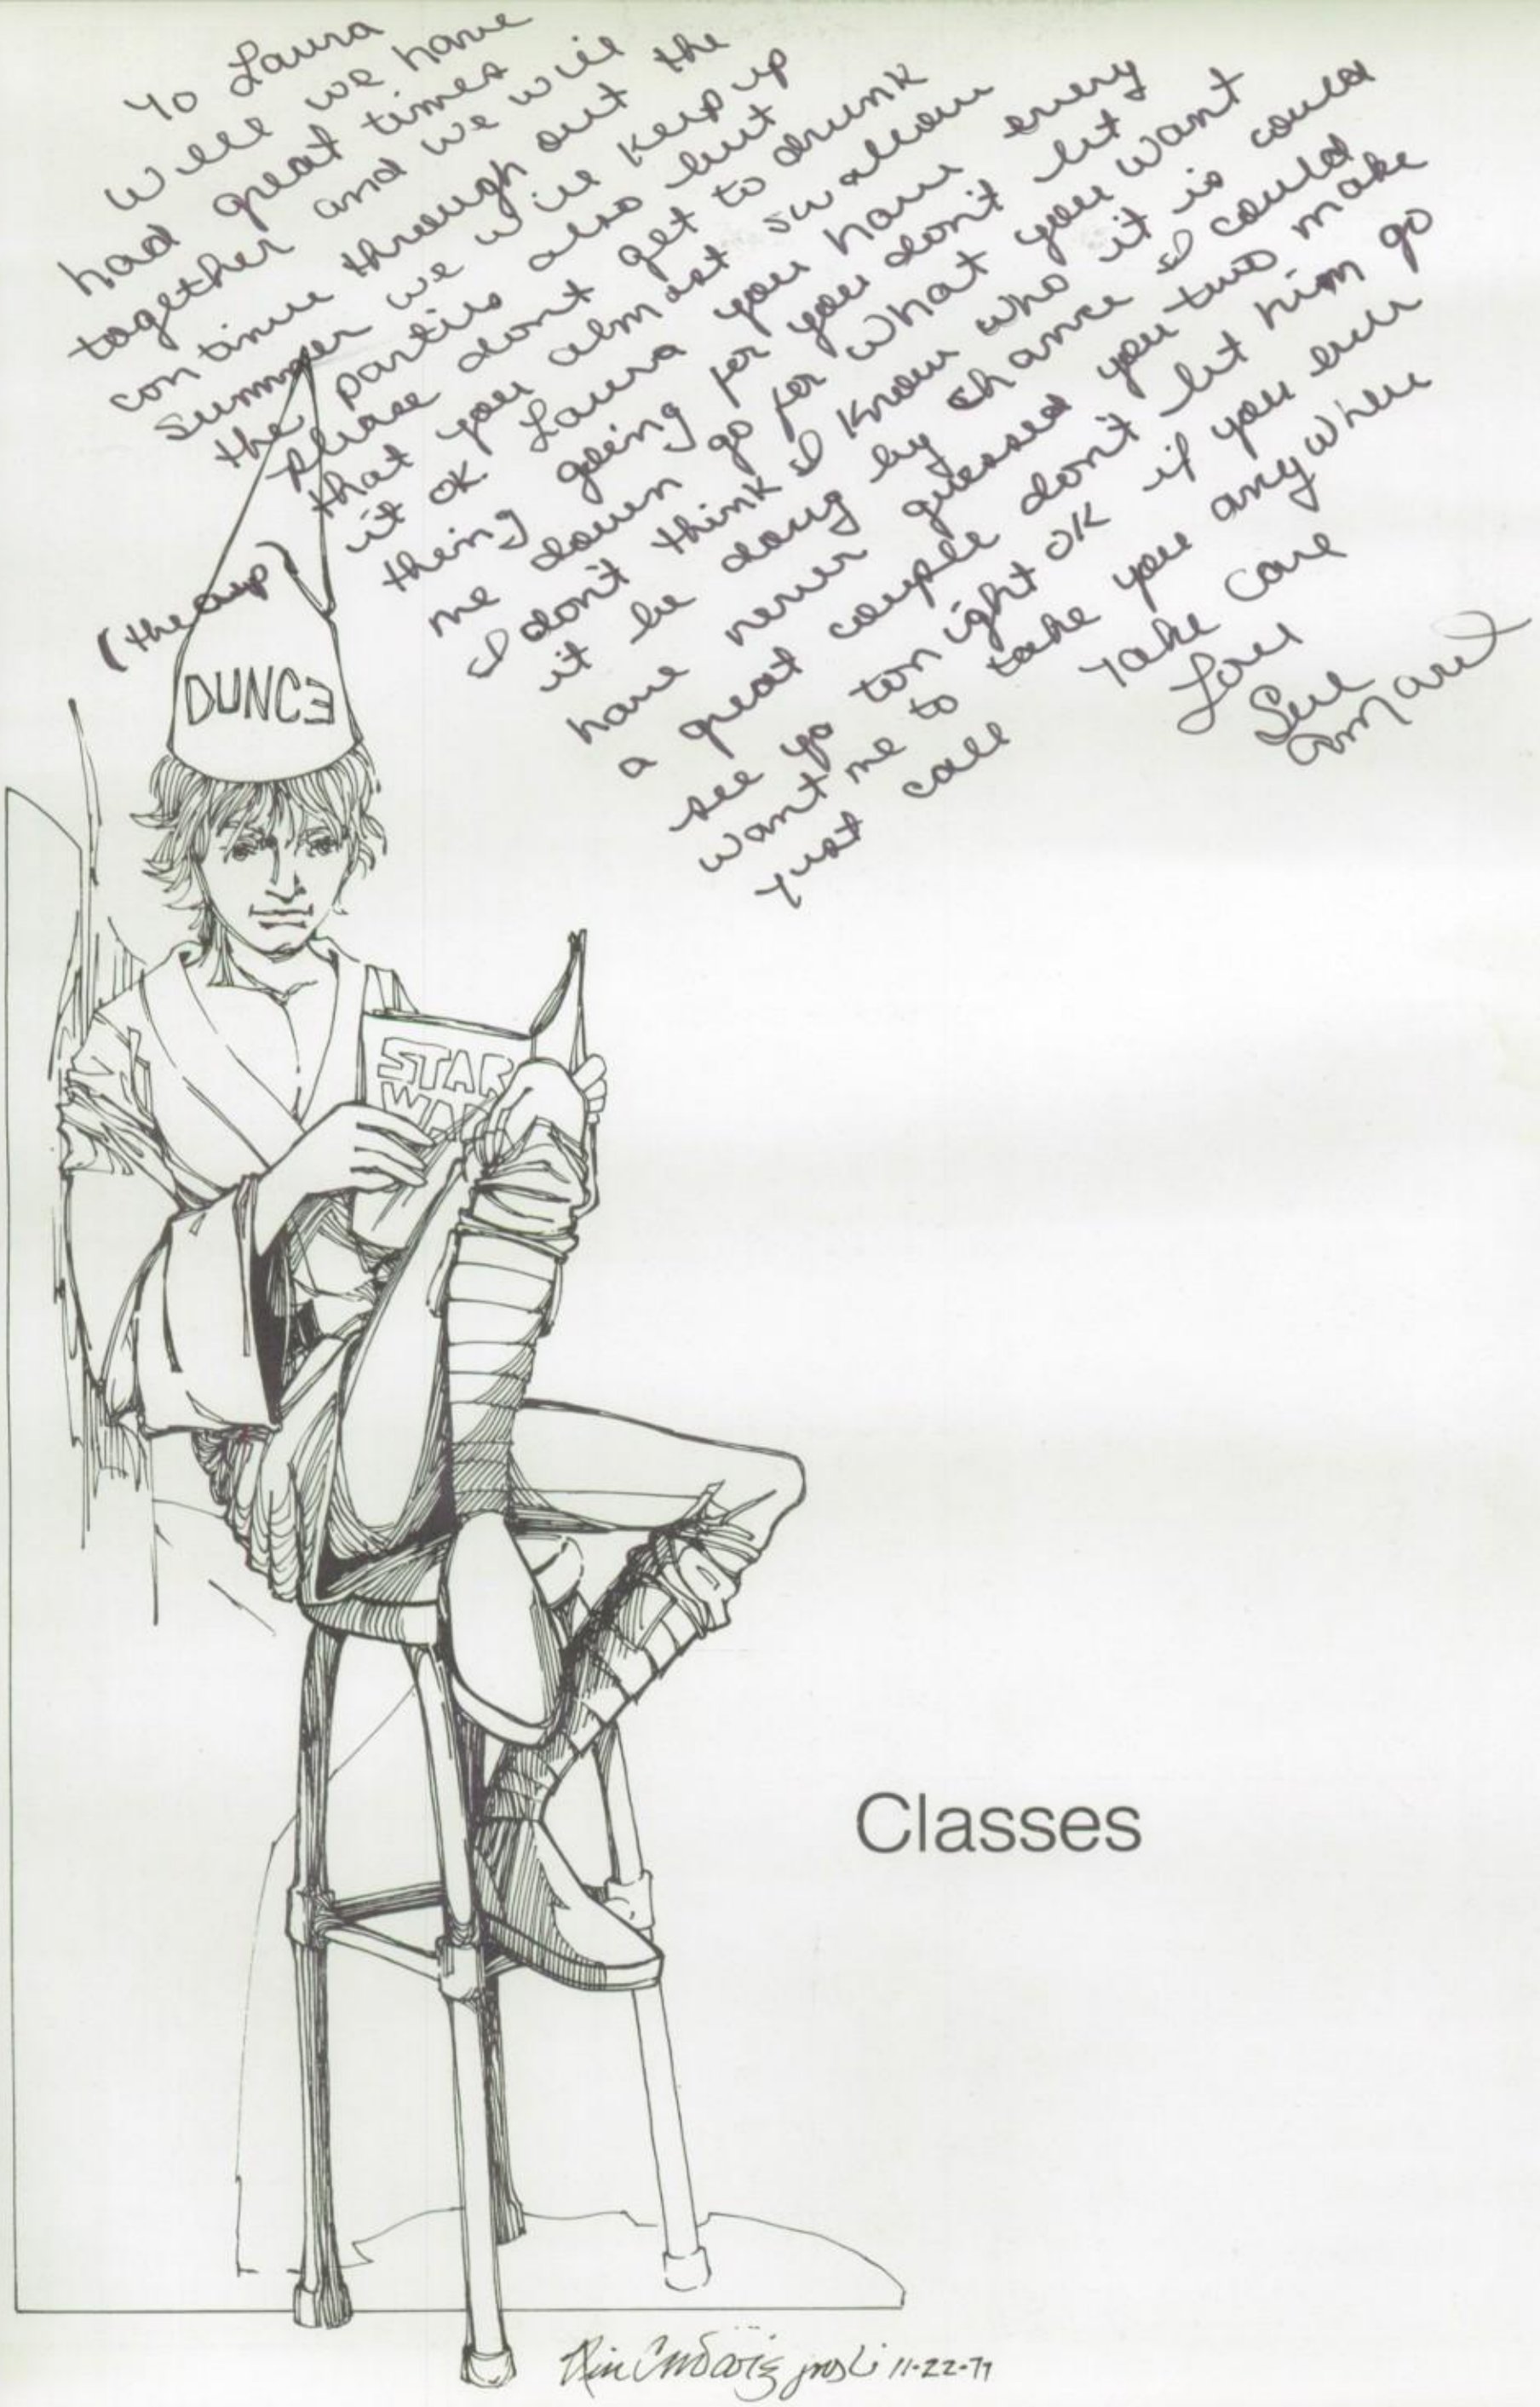
WHAT PRINCESS!?

YOU KNOW, THE USUAL ONE. WE'VE GOT TO DO SOMETHING WHILE WE'RE HERE, SO WHY NOT RESCUE A PRINCESS?

OKAY, IT SOUNDS LIKE FUN. WHERE IS SHE?

SHE'S IN AN INESCAPABLE PRISON GUARDED BY HUNDREDS OF SOLDIERS WITH BLASTERS.

WHY DON'T WE PLAY A FAST, MOVING GAME OF PINOCHLE INSTEAD?



Yo Laura
Well we have had great times together and we will continue through out the summer we will keep up the parties also but that you almost get to drunk it ok Laura don't think I know you are going by me down go for what you don't want it be easy change so could have never please make a great couple don't let him go see go tonight ok if you ever want me to take you anywhere just call

The spirit was high, the bleachers were packed and another football season was on the way. Many outstanding players highlighted the 77-78 season. Jeff Olsen had many great games and one was a 95-yard-run touchdown. Omar Gracia is one of the finest receivers in league. Victor Wesson, a promising sophomore that kept up with the big boys. This year's football team was exciting and had lots of spirit. An extra amount of injuries slowed us down, but overall it was a good season.

The Frosh Football Team Put Up A Good Fight

This year's freshman football team was full of enthusiasm and spirit. The new staff of freshmen put in a good fight for a 1-9-0 season.

The season was not as successful as we wanted, but the talent is there. Improvement is expected as the team gains confidence and experience.

Future J.V. and Varsity teams will be in need for these young and determined men.

Righetti Girls' Tennis Team was started in 1973 by Coach Laura Robey. The Girls' scores weren't too impressive that first year, but as the years went by, the girls improved their game and skills, the scores improved right along with the girls. Their number one player is Helen Hall, a senior, with the record of 4-8 for the season. Their number one doubles team is Shawn Gill, a senior, and Lisa Pevny, a junior, with the record of 9-3 for the season.

In the past two years the Righetti Tennis team has been undefeated in league play. This makes them the best tennis team that Righetti has ever had. This record of twenty-six and zero losses will be a hard one to beat for any future teams. The number one player, Martin Dydell and number two player Charles Von Hammerstien have been the finalists in the league singles finals the past two years, with Dydell winning in 76, and Von Hammerstien in 77. This year it looks like Dydell and Von Hammerstien will be meeting each other again in the league singles finals and the team with its new coach Gary McConkey so far is heading for another undefeated season for 1978. Then they will be off to C.I.F. for the third year straight.

Bathing Beauty Contest?

No, these are not bathing beauties in a contest, but they could be. The Girl's Swimming team improved their times over last year. More than one half of the team has had a years experience, so great things are expected of them. Mary Durnin, who performs a front reverse dive off the three meter board has returned to do well in competition. Other divers, Priscilla Cummings and Sandy McKay are expected to do well also, even though they have not competed before. The returning CIF swimmers of last year, Lynn Watson, breast stroke; Diane White, butterfly; Shawn Gill, backstroke and fifty yard freestyle; Nancy Lippitt, breast stroke; and Tammy Watson, breast stroke are working hard to bring their times down to the new CIF time standards. New competitors who look promising are Cheryl Davis, freestyle; Kelly Regan, breast stroke; Priscilla Cummings, butterfly. Santa Inez, Lompoc and Cabrillo are our toughest competition in the Northern League.

Righetti H_2O Polo Gains Respect

The 1977 Warrior Varsity Water Polo Team was one of the best Righetti has had to offer in the last 10 years of Righetti water polo. With a season record of 13 wins and 5 losses, the warrior poloists placed third in a very close Northern League. In fact, the water polo team missed placing second in the league by one point. A sudden-death loss to Lompoc in the second round of the Northern League Playoffs.

The Righetti poloists showed great team work in pre-season play, by capturing a first place trophy in the San Luis Obispo Tourney. Righetti defeated Arroyo Grande 7-2, and Lompoc 4-3 to advance to the finals with San Luis Obispo. This final game was very close, with the score being tied at the end of regulation play. And with 10 seconds left in double overtime, Damon Thayer threw in the winning goal for Righetti. Mike Barnard and Gregg Fambrough were selected to the All-Tourney team. While goalie Craig Spring was picked as most valuable player. The Warrior poloists also placed second in the Paso Robles Tourney. Righetti downed Santa Ynez, and Atascadero before being upset by San Luis Obispo in the finals. Damon Thayer and Gregg Fambrough were selected to the All-Tourney team.

When the 1977 Water Polo season ended, poloists Mike Barnard and Gregg Fambrough were selected to the All-League first team, and teammates Damon Thayer and Craig Spring were selected to second team. While Donny Hurst received Honorable Mention.

These All-League Poloists also received awards at the 1977 Fall Awards banquet. Mike Barnard and Gregg Fambrough were both given M.V.P. trophies. Craig Spring was given the best defensive trophy, while Damon Thayer received the Most Improved trophy.

Spikers Lenghthen Their Stride

Varsity Track is really good and has great potential to go all the way to C.I.F. Some of the better players that will help them go that far are David Kurtz, Paul Nelson, Brian St. Aubon, Kevin Dodd, and Jeff Olson, Jim Flint. Steve May is also back from placing first place in Frosh Soph division in C.I.F. and is expected to place first in C.I.F. in pole vaulting again this year. This is also the first year they are running metric events on a metric track in the entire league.

From Sandlots To Super Stars

Depth is the word that can best describe Righetti's Varsity baseball team. At most every position there is someone to back up the starter and do the job just as well. This years team consists of 8 Seniors, 8 Juniors and one Sophomore. The Warriors are led by a very solid infield and a tough squad of outfielders. Returning this year to anchor the infield is Junior Curt Stahl at second base and Junior Steve Robel at third base who were first team and second team all-league respectively. Rounding out the rest of the infield is Randy Ventura at first base an Honorable Mention selection last year and shortstop Danny Lowers. Doing the catching duties are Junior returning letterman Dave Lockhart and Casey Demchak the teams only sophomore. The outfield consists of Britt Vanderlei, Jim Bowman, Craig Sewell, and Chris Hoffman all with strong arms and fine fielding abilities. The pitching squad is led by Junior Jeff Taylor who has a fine fastball and certainly has all-league potential. Rounding out the rest of the starting rotation are Senior Dave Noriega, Senior Mike Bauer, Junior Mike Alexander, and Junior Barry Dacus.

J.V.'s Take The Field

J.V. baseball has fine players that make up this promising team. Coach Robertson is really doing a good job and is getting them ready for varsity. Freshman baseball is coached by Tom Proffit. He has a very strong team and players like Greg Sewell and Rick Ventura are really going to have a great season.

Sessler's Spikers Go For It!

This year's volleyball team has done extremely well by not losing a single match.

On November 17th the girls played their first CIF match in the Righetti gym. Although the girls were supported by Righetti fans, the team lost to Laundale, 15-5, 15-9.

Volleyball is mostly a team oriented game, with individuals excelling to their ability all through the match.

The co-captains Wendy Maenaga, a senior, and Denise Pitts, a junior, have kept the team together. Sophomores Kendee Eulert and Erica Whitted have done well in spiking the ball and blocking opponents' attempts to score.

Manosar's Monsters

Wrestling at Righetti was represented by a fine squad of matmen, led by Russ Miyoshi who was undefeated in league play. Other wrestlers who had fine seasons were Darryl Bridges, Tim Nagel, and Jim Shillinger.

Russ Miyoshi placed second in the state finals. He lost a tough decision to Joe Acosta in a close match 6-5. His final won-lost record was 37-2. One of those losses was a forfeit due to injury. Congratulations to Russ on a fantastic season and continued good luck in the future.

J.V. Wrestlers

This years crop of J.V. wrestlers should prove to be a fine Varsity team in the future. With people like Frank Soares, Sam Ramirez, Sal Gonzales and Tom Robb leading the way, they held up this years team with great individual performances and team leadership and spirit. Our future varsity teams should be in fine shape for a long time to come.

Girls Gymnastics — A 10.0 Effort

The Girls Gymnastics team coached by Dana Potter, is in its second year at Righetti. The team was very dedicated and determined to do better than last year.

The team takes this opportunity to thank their coach Dana Potter for her spirit that kept us going throughout the season and her spotting that helped us a great deal. Without her the team would of never existed.

Good luck to next years team!

Fancy Foot Work

The Righetti Soccer team is young and lively. This is the second year of soccer at Righetti. They have a lot of good players especially a guy named Mike Pepper. He was all league first team. This guy is pretty good. Coach Gabaldon leads his troops along. They are still a young team and they will continue to progress and will soon be a team to beat in the tough Northern league.

Academics

They Went All Out This Time

They really went all out this year. The teachers, that is. It just wasn't another short meeting that the teachers have every year to discuss contracts. This year the teachers didn't get what they wanted, so they went on an all out strike. The strike lasted for four and a half days; from September 19, to noon of the 23rd. The first couple of days the kids thought it was great, no school for a few days. But they were still forced to attend. The school board had to bring in all new substitutes; many weren't teaching the right classes. Many of the classes were hurt, because the teachers weren't there to help. After a while the kids were getting upset because they weren't learning anything and they felt it was a waste of time. If both sides would have come to a quicker, more reasonable decision like normal human beings, the whole matter possibly could have been avoided.

SEE, SAA, SAS?

This year, Righetti adopted the three-school system. That is, there are three separate schools within a school. The School of Entry and Essentials (SEE), the School of Applied Arts (SAA), and the School of Arts and Sciences (SAS) are headed by an associate principal: Dale Willey, Roger Hill, and Gerald Walsh, respectively, who are all under the direction of Dean Reece.

All freshman belong to the SEE. By emphasizing basic skills, this school concentrates on helping students qualify for the SAA or SAS.

After completing the SEE, students are placed in either the SAA or SAS according to their future educational goals. The SAA is designed for vocational education students. College preparatory students are placed in the SAS.

Counselors

When the administration began the three-school program, the counseling office was also re-organized. Instead of going by the first letter of their last name, students are assigned a counselor according to their school. Mr. Murtha and Ms. Honnegar help freshmen choose their classes and advise them on whether they should be placed in the SAA or SAS. Ms. Booker, Ms. Livermore, and Mr. Rodriguez counsel the SAA students; Mr. Lanphier is the SAS counselor. The only new addition to the counseling staff is Mr. Aranda, the Migrant Education counselor.

Social Studies: It's More Than Names And Dates

Although everyone must do his share of memorizing in a history class, the students in Mr. Boyle's Career Decisions classes and Mr. St. John's Psychology classes focus on ideas rather than statistics.

Career Decisions offers students a chance to learn about various occupations and their requirements. Learning how to apply for a job and handling an interview are also studied.

First semester Psychology students concentrate on the basic principles of psychology. This year's Advanced Psychology classes even took part in a one-week-long refined sugar-free fast!

The Student Store this year is run completely by the students in the business department. Mr. Roy is the student advisor, making sure everything is run well. It is a class where they learn Merchandising, Bookkeeping, and Accounting skills. At the beginning of the year the student store was moved from its original location, from the office to the outside corner of the 200 block. That location was not the greatest, they were ripped off. So now they are back by the office. The student store received new and different things to be sold this year, for instance, stocking hats, tee shirts, mittens, etc . . .

What Is It?

What is the subject that year after year continues to strain the brain and boggle the mind? What is the subject that can confuse even the most organized? What is it? Why it's our very own Foreign Language that's what. The words aren't the things that make you forget where you put your brain. It's those times where you have to build a readable sentence or even worse try a plausible paragraph to see if you really know what you're talking about.

Righetti is very fortunate to have a Math Dept. that's full of highly qualified people who can teach you that 1 + 1 = 3 oops that's 2. Then after you've got the basics you can branch out to find that factoring has nothing to do with the facts. And quadralatic relations are not involved with your Aunts and Uncles. But on the other side, there's always another side and you can never find where it came from. Then there's that pie that you can't throw. And the equation $\Pi = 2r^2$ must be some recipe from Mars. If you live through that they slap you with terms and names, who in the world thought up geometry and trigonometry, whoever must of had a fetish for trees G-OM-A-TREE and TRIG-A-NOM-A-TREE!

English

English: A subject dreaded by students, But here at Righetti we have to be the exception to the rule. When students actualy get intrested in writing down what they fell and show that their skulls are full of more than air. And if you can't belive that students can get intrested in somthing just peek into a class on Shakespeare and see them puting on a play for themselves. Now see what fun your missing! And if you think your really good look over this word for word and try to understand it!!!

Cooking Things Up

The Home Ec classes this year were roughly the same with Mrs. McMorris teaching cooking, Mrs. Dawson teaching sewing, Senior Seminar, and last but not least Mrs. Whitefield teaching sewing, foods, and single living. Again the Senior Seminar Class had another mock wedding. It was a big event with ceremony, flowers and food. The classes that got into the act, for instance, were OH; they made the flower arrangements and corsages, the photo class covered the pictures and the food classes prepared all the food. Students are still cooking, sewing, and learning how family life really works — almost.

Industrial Arts

For many people, an Industrial Arts class provides a good change from the usual classes. Girls as well as guys are finding that they can become skilled in drafting, metal and wood work, auto repair, printing, and electronics.
Although the classes demand accuracy and preciseness, as anybody taking Mechanical Drafting or Woods can tell you, the final product is usually worth the time put into it!

Agriculture Is Still Going Strong

Righetti's Agriculture Department is extremely practical in that it has interested many students in agriculture and has continued to give students good training in fields such as meat processing, ornamental horticulture, and Ag. Mechanics.

Four years of Ag. Science, which covers everything from animal studies to business and management, are offered. Besides their usual projects, Ornamental Horticulture students created the floral arrangements for the Senior Seminar mock wedding.

Coed P.E.

There have been many changes in the Physical Education Department. The Boys and Girls classes have been combined to make Co-ed P.E. classes. Also, this year, the students have a choice of what kind of sports they want for P.E. class. Students get to choose the activities they are most interested in, instead of being assigned to a physical education class in which they don't like. This and much more is showing the progress and potential of the Warrior Way.

Music Is Everywhere

The Music Department at Righetti this year has been quite active in its performing scope.

Instrumental Music classes are under the direction of Charles Osborne; Freshmen for instruction in the basic principles of musicianship. Advanced Band, which is both our Marching and Concert Band. They performed in several football games, pep rallies and music festivals.

The Vocal part of the Music Department is under the direction of Douglas Brenchley: music theory, a non-vocal course in the understanding of music, mixed chorus, a class of new voices; Girls' Glee, an all female chorus; Acappella or Choral, a large massed concert choir which this year has performed music varying from a Catholic mass to pop tunes.

With all the activities this year, the Music Department is definitely going places.

Creating Is A Way Of Life At ERHS

Just because there has been no Creative Arts Fair this year doesn't mean the Humanities Department has stopped creating things. With the help of Bob Armstrong students have learned how to draw and design. Garth Bullock who has replaced Carol Georgi is teaching his students weaving and textile design. Doug Halvorsen is also teaching creativity through his painting and drawing workshop and crafts. Jack Ward our Photo teacher is busy helping students explore all areas of photography especially teaching them how to see through the camera with visual exercises.

More Crazy People On The Road

The first requirement for driving is learning about the cars and the traffic laws and how to drive outside the car. This means going through Drivers Ed. The next step is to physically get into the car and drive on the road, this is called Drivers Training. A couple of years ago the school brought a simulator to be shared by Santa Maria High and us. The simulator is used to give you some kind of experience on situations that you don't usually find in drivers training. Such as children running out in front of you and balls, dogs etc. Then after drivers training is over, you can go and get your license and join the many other drivers of the world.

Our Custodians

HERE I AM, MUCK MUDSLOPPER, AT THE CLIMAX OF THE MOVIE, SINGLEHANDEDLY ABOUT TO DESTROY THE DEATH WART. HOW AM I GOING TO DO IT?

USE THE FARCE, MUCK.

OH, BE FUN! IS THAT YOU?! BUT YOU'RE DEAD!

ANYTHING CAN HAPPEN WITH THE FARCE. PUSH THE BUTTON, MUCK.

SEE WHAT THE FARCE CAN DO, MUCK?

YEAH, BUT WHAT EXACTLY IS THE FARCE, OH, BE FUN?

IT'S AN ENERGY FARCE THAT BINDS THE GALAXY TOGETHER —AND GETS 24 MILES TO THE GALLON, TOO!

WELL, I GUESS SO—BUT I'M GLAD I ALSO HIT THE DEATH WART WITH 400 TONS OF **COMPOUND W**!

Dear Laura,

Well how are you? I hope fine. Because you know if you aren't fine that wouldn't be to good. Well I hope you get those four credits you need, because that would be so wonderful if you graduate, (then that way I wouldn't have to see your face anymore) not really. I really do enjoy seeing your pretty little face. It always seem to put a smile on my face when ever I am around you. Well I really hope I'll see you over the summer maybe I'll see you at the beach someday O.K. So take it easy and don't let any thing get you down.

P.S. Keep a smile on your face!

Love always
and friends
forever + ever

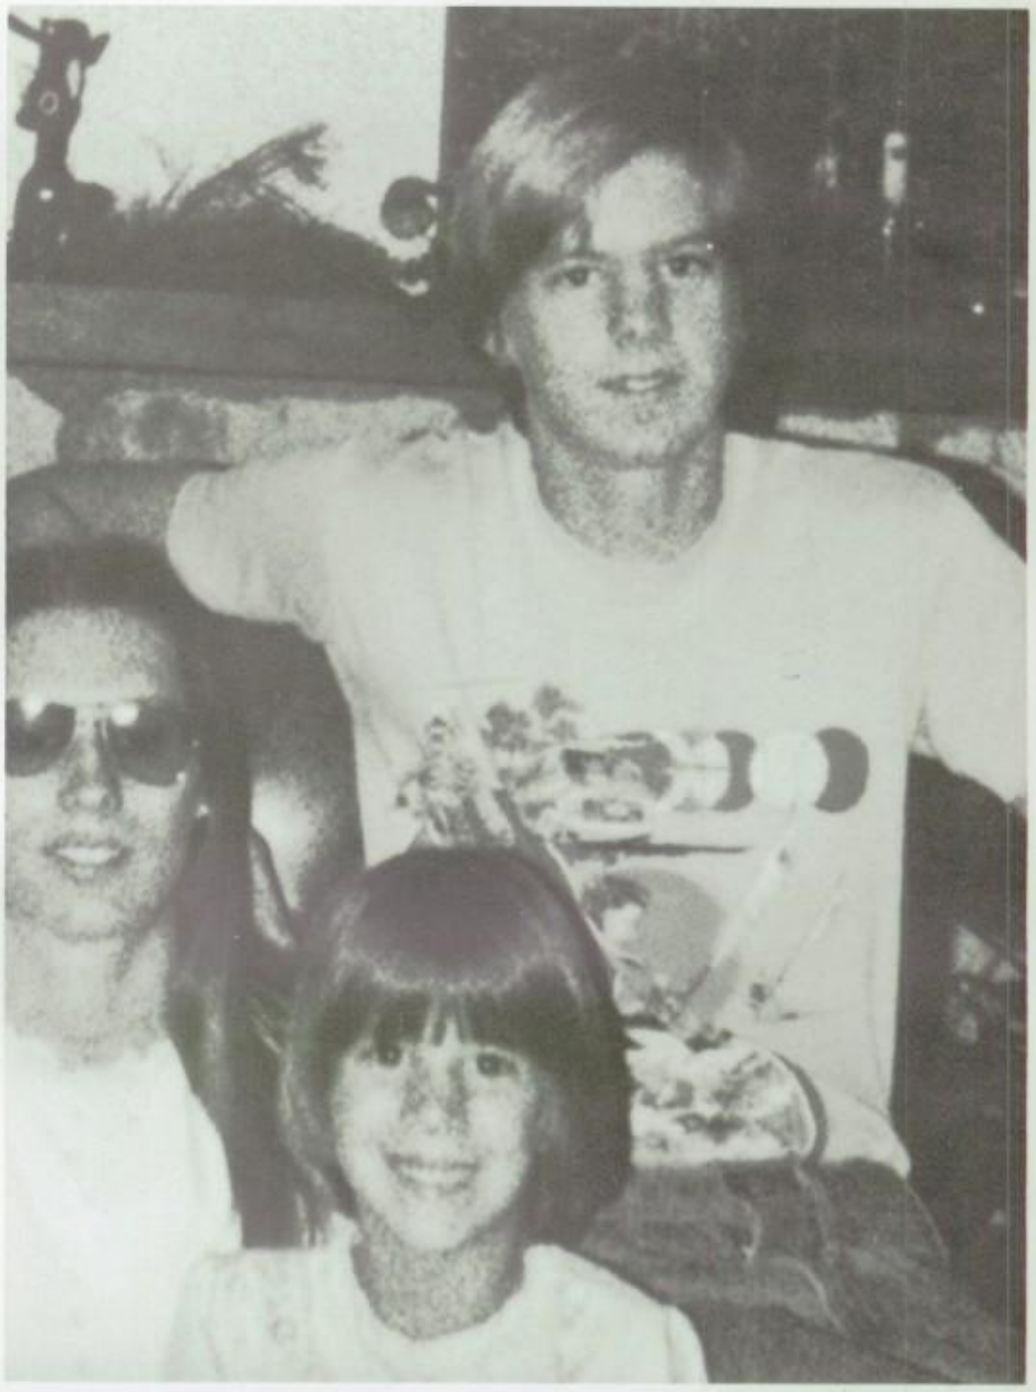
In Memory Of



"TOM'S WAVE"

As he paddled out to find his wave, his emotions turned into those he gave. Tom's wave the ultimate wave, no one else but he could ride. To the levels of his hope and pride. To the full extent, I watched him go into the special world of his own. Tom's wave will never die, for he will ride forever.

TOM'S SONG

Your rainbows gone, but memories live on.
As everyone should know
Songs we sang, with voices we could not tame.
Seemed such a short time ago.
Good friends you own. But didn't get a chance to grow.
As we will in the years to come.
As a fading tone, we didn't know you were learning so soon.
Escaping from all of your loved ones.
This isn't the end, because it's hard to say Good-bye to a friend,
Since Good-bye seems like forever.
As I end your song, we will all have to carry on.
As you climb the Stairway to Heaven.

Terry Belmore Jr.

Yearbook Staff

This year's Epoch staff consisted of many different types of people from the far reaches of the California jungle surrounding the small isolated outpost of which Righetti is a part. The staff a conglomeration of strange strangers working toward a common goal: to right wrongs, to keep the younger generation off the streets by putting them in the hospitals, and last and least, to create this yearbook. The mishaps that came after the joining of these fateful people would fill a book of jokes and unbelievable stories!!! As Einstein once said: If anything can go wrong it will, and he wasn't kidding!!!

Sometimes it doesn't seem possible that this yearbook finally got finished. Through all the difficulties and hard times it's like a miracle. I thank the people who stayed on the staff the whole year: Stacy Furakawa, Brian Crist, Joe Brown, Erik Long, Jim Vest, Maureen Larsh, and Bernie Lee. I'd like to give a special thanks to Photo Editor Erik Long for all the extra time he put in and also to Jim Vest for the extra help in the Photography Department. With all the help I got from the whole staff the theme would still be up in the air if it hadn't been for my sister Linda who designed the divider pages. Together we got the idea of "Star Wart" which was a combination of wanting something different and an original idea for a comic theme. Linda both wrote and illustrated the series, and for this I am very grateful. I thank both Linda and the whole yearbook staff for what I think is a successful edition!

THANK YOU!!!
